GET THE ULTIMATE BATHROOM EXPERIENCE

with our revolutionary Thermostatic Diverters & Smart Water Closets

EXPERIENCE THE PERFECT SHOWER WITH THERMOSTATIC SHOWERING SYSTEMS

Enhance your showering experience by adjusting sudden temperature changes with luxury and style. Our thermostatic shower's advanced systems ensure consistency in water temperatures while providing comfort, convenience, and safety.

How it works:

Thermostatic showering systems' sophisticated temperature-sensing mechanisms monitor and adjust the water temperature in real-time.

This ensures a perfect blend of hot and cold water, maintaining a consistent temperature with every shower.

 - Sink body comes with protective lamination on top surface, to be peeled off before use only after any construction work is completed
4. Upper Parts of Concealed Bodies: Warranty shall be void if Upper parts are not installed with the concealed body of the same make.
5. Ceramics and Flush fittings: Warranty will not cover below
 - Colour fading due to cleaning with chemicals other than recommended cleaning agents like Viroprotek or equivalent reputed brands
 - Problems arising in push buttons due to use of harsh cleaning agents (only soap water with dry cloth to be used for cleaning)
 - Problems arising due to use of Cleaning agents on Plastic parts like seat covers
 - Problems arising due to debris and other impurities present in the water, above the specified limits of TSS as above
 - Inadequate Flushing in case of Siphonic closets if the length of the outlet connection pipe is higher than 6 meters
 - Flush valve if used along with rimless wall hungs, this can lead to Splashing issues and will not be covered under warranty

6. Pressure Reducer is recommended for usage in the line when installing cisterns and flushing systems to limit the pressure to the specified conditions as above.
7. **Seat Covers:**
 - Problems occurring in hydraulic function, hinges etc. on account of jets installed and application of force for closing in case of soft-close seat covers not covered under warranty.
 - Seat covers should be cleaned only with mild soap and water. Cleaning agents recommended for use of cleaning ceramics and tiles are not suitable for seat covers and can result in damage of the surface.
 - Colour fading due to use of cleaning agents on Seat Covers not covered under warranty.

Parts Excluded from Warranty

1. Aerator used at the outlet of the faucet is a plastic part and replacement of the same is not covered under warranty.
2. Service cost for cleaning/replacement of aerator in case the water conditions are not as per specified limits will need to be borne by the consumer.
3. Hoses, rubber parts and plastic parts including those in spindles and cartridges are not covered under warranty.
4. In case of Sinks, Waste/Drain coupling (consisting of ABS components) and Rubber parts are not covered under warranty.

Terms and Conditions

1. The warranty shall commence from the date of purchase as per invoice. The customer needs to register the warranty with the Company either by contacting its Toll-free Helpline Number 1800-266-2079 or by logging into the website bathsense.asianpaints.com and furnishing all the purchase and personal details as requested by the Company. Alternatively, please contact the dealer from where the purchase has been made, to register the warranty. For the warranty to be valid, its registration needs to be done within 15 (fifteen) days from the date of the purchase of the product.
2. This warranty will be effective only if the proof of purchase (i.e. original GST invoice/receipt) and /or Warranty registration document is provided with all warranty claims or requests.
3. **CLAIMS AND REPAIRS**
 - a. For the purpose of claiming warranty, customer will have to share the registered warranty number or proof of purchase and in absence of the same the company will not be held liable for any warranty claim.
 - b. Customer shall forthwith notify the Company of the claim providing full details thereof and shall set out the basis on which it believes that the company is liable in terms of the warranty. Company shall appoint authorized personnel to visit the site and assess whether the issue / product falls within the purview of the warranty. The warranty shall be void in case the customer or any third party other than the authorized personnel performs any repairs to or removes or otherwise tampers with any product, prior to such visit by the authorized personnel
4. After the Warranty period has lapsed, both the Product & Spare cost and Service Cost will be payable by the consumer
5. The company shall make its best endeavor to provide onsite warranty services but due to unavoidable/exceptional circumstances the product may be required for offsite inspection at Company's service center/Service Centre of company's authorized service associate.
6. The Company and its Authorized Service Franchisee will make unit repairs or replacements under this warranty within a reasonable period, as determined by the Company or its Authorized Service Franchisee performing the said repair or replacement.
7. It is at the option of Company to remedy any defects by repairing or replacing the products of comparable value. However, this warranty shall not apply to the parts thereof. Under no circumstances shall claims for refund be accepted under this Warranty.
8. The Company will not be held responsible for any defects or damages that may be arising from transportation, or due to improper installation alteration, accidents, misuse, or lack of proper maintenance.
9. This warranty does not include payment of and responsibility for any duty, including GST and other central taxes, state taxes or other local taxes as assessed to the parts supplied or repaired during the warranty period.

10. The warranty period will start from the date of invoice and shall automatically stand terminated upon the expiry of the requisite warranty period even if the said product has not been installed after purchase or has not been in the use for any part or whole of the warranty period for any reason whatsoever.
11. The warranty period shall not start afresh after settlement of the claim.
12. In case of products which are discontinued by the Company and the product to be replaced due to agreed defects is still under warranty, the company will have the discretion to provide another product which is equivalent in terms of commercial value.
13. In the event of any repairs/replacement of any parts of the Product, this warranty shall thereafter continue and remain in force only for the unexpired period of the original warranty of the Product. Any time consumed for the repair/replacement of parts including transit of the Product or its parts or any period during which the Product has not been used whether under warranty or otherwise shall not be excluded from the warranty period and no extension of the warranty period will be granted.
14. This warranty is not valid or effective if the unit/Products are not installed according to the instruction manual or procedure laid down by the Company and the company shall not liable for any damage out of faulty installation.
15. Improper handling of the Products automatically terminates and nullifies this warranty. This warranty does not cover problems arising from insufficient water pressure, excessive water impurities/hardness beyond the norms of water as specified in this document or improper care and cleaning. Improper care and cleaning will void the warranty.
16. Company is not responsible for labour charges, installation or other incidental or consequential costs
17. The Company is not responsible for the cost of removal, return and/or reinstallation of the Product, except cases where Product replacement is established as necessary to resolve the complaint under warranty and carried out by company appointed technician. The company is also not liable to pay for any civil or construction work required during installation of new products or replacement / repairs of old products.
18. In the event of non-availability of product, components, or parts due to any reason whatsoever, neither Company nor its Authorized Service Franchisee or the Dealer will be held responsible or liable for any delay that may be caused to service/repair/replacement of the product. In the event of identical model or color/color combination is not available for replacement, the Company or its Authorized Service Franchisee or its dealer will replace the definitive / available Product, at its sole discretion, with an equivalent/identical model or color.
19. The company will, at its best endeavor, make an effort to carry out repairs at the earliest within responsible period. However, the company is under no obligation to do so in a specified period.
20. Warranty does not cover claims for damage caused to product(s) during transportation or installation
21. The company at its own discretion can decide to rectify the defect with or without replacement of the parts or product.
22. This warranty does not cover any accessories external to the product.
23. After completion of warranty period, in case any defect, standard part charges will be charged from customer as per prevailing rates of the company including of any applicable /incidental charges. This will be applicable even if the product is under warranty but is used in a way other than the specified conditions of usage in this document
24. The Company will not be held responsible or liable for any special, indirect or consequential damages due to the defective product, or due to defects of any component or part thereof. However, under any circumstance whatsoever the total liability of the Company shall not exceed to actual purchase price of the Product.
25. EXCLUSIONS: This warranty will cover only manufacturing defects as mentioned in this document and will not cover any other defects, damages or loss arising out of factors/circumstances out of control of the Company, including but not limited to:
 - Damages caused due to mishandling of the product, incorrect installation of product /spares/accessories or if installation is not as indicated in the user manual; product is not maintained as per recommended practices for care; maintenance/repair carried out by third parties other than authorized personnel; spare parts used are not of our make; connecting, bending, or damages to product during installation
 - Use of any product in a manner inconsistent with the product instructions and/or installation manual or for any purpose other than as mentioned in the document.
 - Improper installation of product or any other components used in installation

- Natural calamities such as earthquakes, cyclones etc.
 - Acts of God
 - Abuse or negligence by the customer
 - Damage or loss resulting from normal and customary wear and tear, such as gloss reduction, scratching or fading over time due to use or cleaning
 - Improper cleaning or cleaning with coarse cloth or cleaning practices including but not limited to the use of bleach, alkali, acid cleaners, dry (powder) cleaners or any other abrasive cleaners or the use of metal or nylon scrubbers.
 - Fading of material due to sun or chemical exposure
 - Damage due to exposure to acids, chemicals, harsh cleaners like phenyls, etc. or use of excessive force
 - Damage to the outer finish or coating of the faucets or showers caused due to exposure to acid fumes arising when the tiles or floors in the bathroom are cleaned with cleaning agents which contain acids or chemicals. This can cause a green colour on the products which is a result of the brass alloy (material of construction of the faucet) reacting with these acids
 - If the site condition, where the product is installed does not conform to the recommended operating conditions of products
 - Defects caused by improper use, as determined by the authorized service personnel
 - Damage to the product or any part/s during transportation.
26. Force Majeure: The Company shall not be responsible for any failure to perform or for any delay in performance of the terms of this warranty where the failure or delay is due to Force Majeure events/ acts of God which shall include but not be limited to any acts of natural disaster, public enemy, war, riot, act of terrorism, embargo, explosion, sabotage, flood, pandemic, epidemic or any other public health emergency, lockdowns imposed by Municipal Authorities, State or Central Governments, from whatever cause arising; enactment, promulgation or issuance of any laws, regulations, orders or decrees of any competent governmental, regulatory or judicial authority ("Force Majeure Event"). The Company shall however, perform its agreed obligations as soon as reasonably practicable following removal of the cause of the force majeure and/or its effects
27. Limitation of Liability: Under no circumstance shall the total liability of the Company exceed to actual purchase price of the product.
28. If any dispute arises between the Company and the customer, in respect of this warranty, neither shall commence any court or arbitration proceedings relating to the dispute unless they have first complied through mediation process. In case of any disputes, the same is subject to the exclusive jurisdiction of the courts of Mumbai

Warranty terms and conditions:

1. The warranty period is not renewed or extended on the supply of spare parts during the warranty. The Company will, at its sole discretion, repair or replace any defective component or part of the product with or without cost.
2. The warranty shall commence on the date when the consumer telephonically lodges their warranty with the Company by contacting 1800-266-2079 or visiting the website bathsense.asianpaints.com and furnishing all the purchase and personal details requested by the Company ("The Commencement Date"), within 15 days of purchase.
3. The Company or its Authorized Service Franchisee can solely service/repair the product.
4. The warranty becomes null and void if installation is not done by a qualified and experienced technician and/or as per the installation procedure laid down by the Company.
5. Hoses, rubber parts and plastic parts including those in spindles and cartridges, are not covered under warranty.
6. This warranty is only effective if proof of purchase (original sales receipt) is provided with all warranty claims or requests.
7. Warranty will cover only manufacturing defects of the product and will not cover any defects arising out of the control of the Company, like insufficient water pressure, high water impurities/hardness, breakage of parts due to excessive force etc. In no event shall the liability of the Company exceed the purchase price of the product. Improper care and cleaning will void the warranty.
8. For optimum bathing experience, maintain a minimum water pressure of 1 bar (10 psi) and maximum of 5 bar (50 psi). In case of lower/higher pressure use of external pressure pumps or pressure reduction valves respectively is recommended.
9. Do not use cleaners/detergent agents which contain chemicals/ bleach/ acid etc. Most of the toilet cleaning products have high acidic content, which may damage the product surface/finish.

Maintenance, installation & service guidelines:

1. The protective coating prevents the accumulation of water droplets, makes the product easy to clean and eliminates the need for abrasive cleaners.
2. Clean the surface using only a soft sponge. Cleaning pads labeled as "Safe for non-stick products" are recommended.
3. Do not use abrasives/ scrubs/ coarse cloth/ scouring agents to clean. Use of the same can damage the coating and will make the warranty void.
4. Do not use bleach/ acids/ toilet cleaning agents on the product. Use of the same can result in fading of the colour and will make the warranty void.
5. Warranty is valid under normal. Operating conditions of water quality with below limiting values:
TDS<=1,500 mg/l, Hardness<=400 mg/l.
6. It is recommended to wipe the product dry using a soft cloth immediately after cleaning with water, to maintain the colour.
7. The handle can be opened using the allen key provided with the product; Do not use sharp tools like a spanner or hammer on the colour coated surfaces of the product.
8. Installation to be done by a professional as per the above instructions. Dismantling and service of the product post-installation should be done.

1

Use allen key to remove the hexagonal screw on plain spout, button spout, bib cock, bib cock 2-in-1, bib cock long body, bib cock garden type for product installation.

2

It is recommended to use a soft cloth to cover check the nuts of wall mixer, sink mixer during installation using a wrench.

3

Use screw driver/similar tool to rotate & tighten angle cocks.

4

It is recommended to use a wet soapy cloth for cleaning the faucets.

5

Do not use abrasives/ scrubs/ coarse cloth/ scouring agents to clean faucets. Use of the same can damage the coating and will make the warranty void.

6

Do not use bleach/ acids/ toilet cleaning agents on the product. Use of the same can result in fading of the colour and will make the warranty void.

General Terms
